

Project 2 – History – Due November 27

The community of Landmark has not always looked like it does today. About 100 years ago it was not much more than a swampy, brushy area. For this project you need to list 10 important and/or interesting dates, events, or people from the history of Landmark. Then you need to pick one of these items from Landmark's history and tell how it makes a difference for you, living in Landmark today. You could find information by talking to Seniors from the community, looking on the internet or other places. A place to start would be the Wikipedia page on Landmark.

If you do not live in Landmark, you can look for information on the community in which you live.

List 10 Important and/or Interesting Dates, Events or People from Landmark's History.

- An example to get you started is 1954 when Landmark Feed Mill was built by Jake and Ben Wolgemuth.
