Pray for their thought life – Our thought life is a master switch of sorts for our actions. Where it parks, proves vital.

Pray for their communication skills – Communication is key. Pray for good communication between roommates, classmates, teachers, friends, family and daily conversations with God.

Pray for their eyes – they will soak in situations, scenarios and scenes with their eyes – at times new and more involved than they ever expected.

Praise

Thank-you Lord for:

-A good start to the school year. Continue to pray as students and teachers continue to adjust.

Food Grains Bank – Due to the unique nature of this year, there was not a community growing project for 2020. Rather, for this year, individual farmers will donate to Canadian Foodgrains Bank through their grain sales, which is the model CFGB started with. We do not plan for this to be a long-term change, and we expect to go back to our community project next year.

You can still contribute, however. Even though your donations won't seem as tangible as seeing a crop growing with inputs paid for by those donations, the need at the receiving end is still real, and all the money you donate will still be forwarded on to CFGB along with the individual grain sale donations. The actual impact of donations is just the same as any other year. In fact, the need may be greater this year due to market disruptions.

Donations can still be made to Prairie Rose EMC and earmarked for Landmark Growing Project.
