

Project 1 – Outdoor Family Activity/Adventure – Due November 1

Doing activities with our families is a great way to have fun, get some exercise, and grow closer as a family. For this project you will need to pick, plan, prepare and have an outdoor family activity. If you have a brother in Boys Club, you can work at this together.

Pick – Think of an activity that everyone in your family would enjoy. Some ideas are: hiking, biking, playing a sport, playing a game (like a scavenger hunt), or going to a park. Pick one of these ideas or come up with your own creative idea.

Plan – Now that you have an idea, you will need to plan your activity. You will need to answer the following questions:

- What supplies are needed for the activity?
- Where will the activity be (how will you get there)?
- When will you have your activity?

Prepare – Discuss your plan with your parents to make sure they are okay with the plan (you may need to make some changes to your plan). Gather the supplies that will be needed. Prepare everything that will be needed.

Have a great time with you family.

Write a short review of what you did.
