Missionary of the Week

Steinbach Bible College and Steinbach Christian School

SBC just celebrated graduation on Apr 26th. We sent another 43 graduates back to the church empowered to follow Jesus, serve the church, and engage the world! Spaces are getting tighter as student numbers grow and as we have had to move our library into some of the classroom spaces to make room for SCS growth. Demolition of part of the Loewen campus happened on April 28. Construction of the new campus is underway!

Praise: We had an encouraging year of discipleship and ministry training.

-Construction of the new campus is underway. \$12 million of the \$15 million needed for the new campus has already been committed!

-46 new students have already been accepted for next year. The women's dorm will be full!

Prayer: Our grads as they go out to serve and for the new students who will join us next year.

For the provision of the \$3 million that needs to be committed for the campus building project, and that we can move in Sept 2026 as planned.

-Faculty and staff during the summer break, that they would find much inspiration to share with students in September.

Please pray that God continues to encourage parents to prioritize faith in their own lives and the lives of their families. We have seen a dramatic increase in the interest in Christian Education. God is giving us an opportunity to run hundreds of chapel services and thousands of hours of Bible classes every year. We will be faithful to the opportunity He is giving to us to work with parents and churches to raise young men and women to live in service to our risen saviour. We have purchased the SBC property, renovated space for 9 new classrooms, hired 12 new teachers and are preparing for our next steps. We expect close to 500 students next year. Our prayers are first and foremost that we will be faithful in our own relationship with Christ so that we can authentically invite students and parents into a deeper commitment to their faith. We are praying for people to make Christian Education part of their ministry giving so that we can build the facilities needed to welcome students and provide additional programs.
